

# Advice on Health Technologies

## Quarterly bulletin | April 2022

### What is the purpose of this bulletin?

Health Technology Wales (HTW) produces this bulletin to support decision making on non-medicine health technologies within NHS Wales. The bulletin lists HTW reports and guidance on non-medicine health technologies published from January to March 2022. It also includes recent technology assessments undertaken by other health technology assessment (HTA) agencies across the UK, Ireland and Europe.

### What is a health technology?

A health technology is an intervention, product or service developed to:

- prevent, diagnose or treat medical conditions
- promote health
- provide rehabilitation, or
- organise healthcare delivery.

A non-medicine health technology could be a test, device, procedure or patient pathway.

### What specialties were covered this quarter?

Blood and immune system.....	2	Infectious disease.....	4
Cancer .....	2	Injuries, accidents and wounds.....	4
Cardiovascular System .....	2	Mental and behavioural disorders .....	4
COVID-19.....	3	Musculoskeletal system .....	4
Digestive system .....	3	Nervous system .....	5
Ear, nose and throat.....	3	Obstetrics and gynaecology .....	5
Endocrine, nutritional and metabolic.....	3	Respiratory system.....	5
Health service organisation and delivery.....	4		

### What advice is NHS Wales required to consider?

Some of the reports and guidance in this bulletin are for information only, whereas HTW guidance has an **adopt or justify** status in NHS Wales.

## What next?

- If any of the technology assessments listed are of relevance to current policy, planning and clinical decisions within NHS Wales and you would like to discuss their relevance, please contact HTW: <https://www.healthtechnology.wales/contact/#>
- If you would like to refer a technology to HTW for assessment, please complete the 'Suggest a topic' submission form: <https://www.healthtechnology.wales/suggest-a-topic/>

## Information and Guidance on Health Technologies (January 2022 – March 2022)

Speciality	Technology Assessment	Agency/Product	Date Published	Status in NHS Wales
Blood and immune system	<a href="#">MIB290: Genedrive MT-RNR1 ID System for detecting single nucleotide polymorphism m.1555A&gt;G in newborn babies</a>	NICE MedTech Innovation Briefing <sup>1</sup>	March 2022	For information only
	<a href="#">HTA of the addition of severe combined immunodeficiency (SCID) to the National Newborn Bloodspot Screening Programme</a>	HIQA Advice <sup>2</sup>	March 2022	For information only
Cancer	<a href="#">TER310: Selective internal radiation therapy for metastatic colorectal cancer</a>	HTW Topic Exploration Report <sup>3</sup>	Uploaded January 2022	For information only
	<a href="#">TER311: Cytoreduction surgery with hyperthermic intraoperative peritoneal chemotherapy for peritoneal carcinomatosis</a>	HTW Topic Exploration Report <sup>3</sup>	Uploaded January 2022	For information only
	<a href="#">DG46: EarlyCDT Lung for assessing risk of lung cancer in solid lung nodules</a>	NICE Diagnostic Guidance <sup>4</sup>	February 2022	For information only
	<a href="#">IPG716: Microwave ablation for primary or metastatic cancer in the lung</a>	NICE Interventional Procedures Guidance <sup>5</sup>	February 2022	For information only
	<a href="#">IPG717: Endoscopic full thickness removal of gastrointestinal stromal tumours of the stomach</a>	NICE Interventional Procedures Guidance <sup>5</sup>	March 2022	For information only
Cardiovascular System	<a href="#">TER309: Left atrial appendage occlusion in patients with atrial fibrillation</a>	HTW Topic Exploration Report <sup>3</sup>	Uploaded January 2022	For information only
	<a href="#">TER325: CaRi-Heart for measurement of coronary inflammation in the investigation</a>	HTW Topic Exploration Report <sup>3</sup>	February 2022	For information only

<sup>1</sup> **NICE Medtech innovation briefing:** offers support for NHS England when considering using new medical devices and other medical or diagnostic technologies.

<sup>2</sup> **Health Information and Quality Authority (HIQA) Advice:** summarises clinical and cost-effectiveness evidence and implications for the health technology in Ireland

<sup>3</sup> **HTW Topic Exploration Report:** designed to provide a high-level briefing on new topics submitted for consideration in Wales.

<sup>4</sup> **NICE diagnostics guidance:** evaluates new, innovative diagnostic technologies. It includes all types of measurements and tests that are used to evaluate a patient's condition.

<sup>5</sup> **NICE Interventional procedures guidance:** covers procedures used for diagnosis or treatment, considers if they are safe and work well enough for wider use in NHS England, Scotland or Wales
