

## Submission Form

*Note: before sending, delete wording for health/social care as appropriate (ie patient/individual health technology/model of care and support etc)*

Please ensure that you use the accompanying guide when completing this submission form. The guide includes information on who can make a submission and provides guidance on the information we would like you to include. Contact Health Technology Wales (HTW) if you require any help (see contact details at the end of the form).

### Purpose of this form

Health Technology Wales appraise a wide range of technologies and models of care and support. For health, this could include medical devices, diagnostics, procedures, and psychological therapies. For social care, this could include equipment and environmental design, or different models for supporting families, children, adults and the workforce. Health Technology Wales does not appraise medicines.

By completing this form, you are providing us with information vital to the understanding of how a person lives with a health condition or social care need and how this impacts their life and the lives of their family and anyone who may help to look after them. You will also be providing us with important information, based on experience or opinion, on how a health technology or model of care and support may impact people and their families.

## The health condition or social care need

**Accessible language:** Where not specifically required for scientific/technical explanation, please use plain language, explaining acronyms and other non-lay terms.

**1. Describe any sources you used to gather information for this submission**  
(See page 3 of guidance)

*300 words maximum*

**2. What is the health condition/social care need and how does it affect the day-to-day lives of patients/individuals, their families, carers etc?**  
(See page 4 of guidance)

*500 words maximum*

**3. How is the health condition/social care need currently diagnosed or assessed and what are the current or traditional treatments/provisions for care?  
(See page 4 of guidance)**

*500 words maximum*

**4. What are the challenges associated with current practice and what does this mean for patients, individuals, their families, carers etc?  
(See page 5 of guidance)**

*500 words maximum*

## The Health Technology or model of care and support

**5. What difference did/could the health technology or model of care and support make to the lives of patients/individuals and what outcomes matter most to them, their families, etc?**  
(See page 5 of guidance)

*500 words maximum*

**6. Additional information you believe would be helpful for HTW to consider.**  
(See page 6 of guidance)

*300 words maximum*

**7. Summarise the key points of your submission in up to 5 statements.**  
*When we present your submission, we will present these first.*  
(See page 6 of guidance)

**8. Please give us details of anyone outside your group that had a role in preparing your submission.**  
(See page 6 of guidance)

*100 words maximum*

**9. Do you consent for your group to be named in the HTW reports?**  
(See page 6 of guidance)

Yes

No

**10. Have you completed the Declaration of Interest form?**  
(See page 6 of guidance)

Yes

Thank you for completing this submission. If we have any queries, we will contact you for clarification. Your submission will be considered by the HTW team and will be shared with Committee members to inform the development of guidance for this technology. We will provide you with feedback on your submission and you will receive notification of the appraisal outcome and associated documents when they are published.

Please forward your submission and Declaration of Interest form to [healthtechnology@wales.nhs.uk](mailto:healthtechnology@wales.nhs.uk) or via post:
