

# Advice on Health Technologies

## Quarterly Bulletin | July 2023

### What is the purpose of this bulletin?

Health Technology Wales (HTW) produces this bulletin to support decision making on health technologies within NHS Wales. The bulletin lists HTW reports and Guidance on health technologies published in April - June 2023. It also includes recent technology assessments undertaken by other health technology assessment (HTA) agencies across the UK, Ireland and Europe.

### What is a health technology?

A health technology is an intervention, product or service developed to:

- prevent, diagnose or treat medical conditions
- promote health
- provide rehabilitation, or
- organise healthcare delivery.

The health technology could be a test, device, procedure or patient pathway.

### What specialties are covered this quarter?

Blood and immune system.....	2	Injuries, accidents and wounds.....	5
Cancer .....	2	Mental and behavioural disorders .....	5
Cardiovascular system.....	3	Musculoskeletal system .....	5
Digestive system .....	3	Nervous system .....	5
Endocrine, nutritional and metabolic.....	3	Obstetrics and Gynaecology.....	5
Genitourinary system .....	3	Patient experience .....	5
Health service organisation and delivery.....	4	Physical disability.....	6
Infectious disease .....	4	Respiratory system.....	6

Advice and guidance is ordered by specialty, categorisation [follows the main specialties listed here](#).

### What advice is NHS Wales required to consider?

The advice and guidance NHS Wales is **required to consider** is highlighted in the 'Status' column below.

## What next?

- If any of the technology assessments listed are of relevance to current policy, planning and clinical decisions within NHS Wales and you would like to discuss their relevance, please contact HTW: <https://www.healthtechnology.wales/contact/#>
- If you would like to refer a technology to HTW for assessment, please complete the 'Suggest a topic' submission form: <https://www.healthtechnology.wales/suggest-a-topic/>

## Information and Guidance on Health Technologies (April 2023 – June 2023)
